Access Level Guidance

Standard – Best for Project/Procurement Personnel that will manage projects from start to finish.

Advanced – Best for Senior Project/Procurement Managers of the Employer that have compliance responsibilities – not recommended to be granted to more than one user.

Third Party – Only for Non-Government Entities under contract to provide procurement support.

Observer – Best for Financial Teams/Auditors that need oversight abilities only.

¹ The entity approver must review their user list annually to update and remove users' who are no longer employed.
